

Date: Tuesday, November 6, 2007 ---- NOTE: It's earlier in the month

Time: 5:30 Deli Snack, 6:00 Presentation

Location: IBM-Southfield
18000 West Nine Mile Road
Southfield, MI 48075

Speaker: Jackie Jansen

DB2 Web Query Product Preview

Come and see the new product IBM is previewing that will replace Query/400. DB2 Web Query is a robust, extensible, and productive reporting solution. It will provide reporting and graphing assistants as well as a WYSIWYG "painter". DB2 Web Query will allow you to improve the look and functionality of your existing Query/400 reports. Would you like your Query output sent to a PDF file, what about to MS Excel? Would you like to see your existing reports formatted as graphs and charts? All this and more is possible with the new product. You can create new reports with slicing and dicing capabilities, you can enable your end users on the go to view and analyze their reports in disconnected mode.

DB2 Web Query is an end user reporting tool, that can be used effectively for operational or data warehouse reporting purposes. This session will include live demonstrations of creating reports, graphs and dashboards with this new product. Come and see what all the excitement and buzz is about.

Meet the Speaker – Jackie Jansen:

Jackie Jansen is a Senior Consulting IT Specialist with 30 years at IBM. Jackie currently works in the Advanced Technical Support Solutions Center. She is the author of a variety of published columns including the recent "Business Intelligence with Jackie" and "Jackie's Forum". She is a frequent speaker at System i technical conferences and user group meetings.

Time to Renew

Please take a moment for this quiz.

- 1) Who supplies 9 world-class seminars per year on topics directly affecting your career?
- 2) Where can you send your entire IT department for training for only \$75 per year?
- 3) Where can you establish a social network of professionals that are eager to help you solve your day to day technical issues?
- 4) What is the best value for your education budget dollar?

The answer to all these questions is your SE Michigan iSeries User Group.

For only \$75 per year per company, your entire IT Department can attend 9 great meetings on a variety of topics that pertain directly to our iSeries environment. Reservations are not required and there is no charge at the door. To top it off, most meetings have refreshments. What a deal.

As we approach the new calendar year, it's time for you to fill out the attached membership form, send it through the appropriate approvals, and on to Accounts Payable. It's time to renew your membership in the SE Michigan iSeries User Group.

Southeast Michigan iSeries User Group
P.O. Box 99284, Troy, Michigan 48099-9284
Membership Renewal
January - December
2008

Company Name: _____
