

Southeast Michigan IBM i User Group

Designing Responsive IBM i Web and Mobile Applications

Date: Tuesday, June 21, 2016

Time: 5:30 (Deli snack) - 6:00 (Meeting)

Location: Cooper Standard
2110 Executive Hills Court
Auburn Hills, Michigan, 48326 ([map](#))
Use the front entrance.

Speaker: Greg Patterson

IBM i organizations benefit when users can access web applications from both desktop and mobile devices. But how do you accommodate all of the different device types without spending valuable time developing multiple versions of your applications?

Attend this session to learn:

- What responsive design is
- How Bootstrap makes it easier to create responsive web applications
- The benefits of using a single code base for web and mobile applications
- How you can use Bootstrap with PHP, RPG and Node.js

You'll also see real-world examples of responsive web applications on IBM i.

About the Presenter

Greg Patterson has been in the IT field for 16 years, the last 7 with BCD and Quadrant Software, where he is currently a Senior Sales Engineer. In addition to business development activities, Greg also coordinates pre-sales technical demonstrations, performs business analysis and is sometimes involved at the coding level for specific modernization projects. Greg has a deep knowledge of BCD products from his time spent on the BCD support team.

From the President:

Dear Members:

We have an exciting meeting planned for June.

The meeting can be joined on site at Cooper or remotely via WebEx. Greg Patterson will be presenting Designing Responsive IBM i Web and Mobile Applications.

MITEC 2016 is almost here! The event features a student meet and greet providing community an opportunity to connect with student resource and local colleges providing IBM i curriculum. The day is packed with plenty of current education opportunity provided by world class presenters. The event also features a LINUX track of sessions and AIX sessions. Continental breakfast, lunch and snacks are provided by the Schoolcraft College Culinary Institute. The event will also feature an ask the experts session providing an opportunity to discuss topics of your choosing with IBM i experts. Whether you're interested in development, operations and administration, management or anything Power system related attending MITEC is a must! It's truly a Power Packed day of education. Find details at www.gomitec.com.

Elections will be held during our June meeting. If you are interested in being on the SEMIUG board, contact Laura at ubelhor@sbcglobal.net or Amanda at asmith@consultechservicesinc.com. It doesn't take much time and makes a big difference. SEMIUG strives to bring current topics, world class presentations and an opportunity to interact with other IBM i community members. Step forward and make a difference! It takes little time and has a big impact.

Our local IBM i community is thriving. SEMIUG plays a big part in the local community and has done so for many years. We're thankful for a great 2015/2016 year and look forward to an awesome 2016/2017 SEMIUG year.

We look forward to seeing you at MITEC and at the June SEMIUG meeting.

Regards,

Laura
