- Speaker:** Steve Pitcher
- Presentation:** [Anatomy of a Security Failure](#)

Overview:

Abstract: After the dust settles after a security breach, the next logical questions are: "What happened and how can we prevent it from happening again?" We will deconstruct a number of security failures that will provide lessons that you can take home and put to use immediately.

Learning Objectives:

1. Learn from the mistakes of high profile security failures
2. Understand what you can do right now to prevent security failures in your environment

About the Presenter:

Steve Pitcher is a Multi-industry IT professional with experience as a developer, systems administrator and IT Director. Skilled in security and collaborative solutions with a focus on IBM i (AS/400 or iSeries).

From the President:

Dear Members:

Security is an important factor for every organization. How does your organization identify, protect against and respond to security failures? June's meeting addresses the hot topic of security and we are fortunate to have Steve Pitcher from iTech presenting "Anatomy of a Security Failure". It's a meeting you won't want to miss. You are sure to walk away with useful information to better protect your organizations systems. The meeting will be provided in webex format only.

A New Age In Power

Don't miss out on MITEC. There is still time to register for the big event. We have packed the event full with plenty for everyone. Whether you are a developer, manager or system administrator MITEC is a wonderful way to find out what's new and keep current. Connect with other IBM i colleagues, connect with students and educators, take advantage of the IBM i round table with an opportunity to discuss anything on your mind IBM i related. The event will be held

at the Schoolcraft College VistaTech Center located in Livonia Michigan. See details at www.gomitec.com.

Don't miss MITEC 2019! Register Today!

Extraordinary networking opportunities - have fun, learn and share with your peers, renowned speakers, IBM developers, executives, Student Meet & Greet and visit the Vendor Expo!

We will break soon for the summer. Board elections will be held during the June meeting. If you have interest in volunteering for a board position please step up. It doesn't take much time and makes a big difference. Reach out to any of the SEMIUG board members or email Laura at ubelhor@sbcglobal.net.

We're closing the year out before the summer break with a great meeting and MITEC. SEMIUG strives to bring current world class IBM i education to local colleagues and provides opportunity to connect with other IBM i colleagues. We look forward to seeing you at an upcoming SEMIUG activity.

Regards,

Laura
